International Air Transport Association :
relating to TC1 Longhaul Add-On Fares :

ORDER

Various members of the International Air Transport Association (IATA) have filed an agreement with the Department under section 41309 of Title 49 of the United States Code (U.S.C.) and Part 303 of the Department's regulations. The agreement was adopted by mail vote.

The agreement moves the applicable TC1 Longhaul add-on for constructing St. Croix and St. Thomas fares over San Juan from Resolution 015v, Add-On Amounts (Except In USA), to Resolution 015u, USA Add-On Amounts. No changes are made to the fare levels.

We do not find that the resolution incorporated in the above docket is adverse to the public interest or in violation of 49 U.S.C. 41309, provided that approval is subject, where applicable, to conditions previously imposed.

Accordingly, we approve and grant antitrust immunity to the agreement, subject, where applicable, to conditions previously imposed.

This order shall be effective and become the action of the Department of Transportation upon the expiration of ten days, unless within such period a petition for review is filed pursuant to 14 CFR 385.50, or the Department gives notice that it will review this order on its own motion. Such actions are subject to judicial review under 49 U.S.C. 46110.

Given the noncontroversial nature of this agreement and the availability of the above procedure, we are waiving the 21-day period prescribed in 14 CFR 303.42.
